CATHOLIC MARRIAGE LAW. The new laws of the Catholic Church oncerning betrothal and marriage which are to be promulgated Easter Sunday in every Catholic diocese in the

world, go into effect at noon on that day.

Under these laws any marriage contracted between Catholics will be absolutely void in the eyes of the church un-less it be celebrated in the presence of a duly qualified prices and two witnesses.
At present the marriage of a Catholic couple by a non-Catholic clergyman or by a civil magistrate is valid, sithough it is considered illicit, and the persons contracting it render themselves liable to excommunication,

Protestants married by a minister will be regarded as lawfully married under the new law.

the new law.

Marrisges between Oatholics in Protestant churches or registry offices will be for Catholics not only sinful, but invalid, and the persons who contract them will have only gone through an empty ceremony and will be no more husband and wife than they were before. This law binds all Catholics, even though they are apostate or excommuni-

But it does not affect those who are not and never have been Catholics. Con-sequently, Protestants and non-Catho-lics are outside of the scope of the law, in the eyes of the church, and such marrisges are recognized by the Catholic Church, all else permitting it, as real

and true marriages.

The principles contained in the new laws have long been recognized in the church, it is explained, and their recent promulgation is said to be due to the incresse of marriages before civil magistrate in this country and abroad.
